M. D. Keoma Council Meet

The Council of M. D. Keoma met in the Council Hall at 7.30 p.m., October 1st, 1926, the following members being present: Reeve Scratch and Councillors Messrs Walker, Donkin and Ruemiller.

On motion the minutes of the previous meeting were adopted as read.

On motion, the Secretary was instructed to write to Mr. Charlesworth of the Irrigation Council, requesting a reply in regard to our inquiry respecting our irrigation and drainage problem on the Baintree road in Division No. 1. Mr. Donkin reported that he had been in communication with Mr. Parks, local Divisional Engineer for the Board of Railway Commissioners, in respect to the bridge between Sections 22 and 23-25-25, one mile East of Ardenode, and that nothing could be done this year. The Secretary presented the report of the Hail-Insurance Board advising that our hail insurance rates for the year 1926 are fixed as 7½%. The total current levy on the district amounts to $15,454.53, and the Tax Statements covering this amount have been issued to the ratepayers.

The various Councillors reported on their diversions as requested by the C.P.R., and it was agreed to offer them $20.00 per acre for the land necessary for such diversions, viz: S.W. of 7-25-25 .04 acres; N.W. of 6-25-24, 1.02 acres; S.W. of 16-27-25, .60 acres; N. E. of 7-25-25, 2.02 acres; S.E. of 22-27-25, 2.85 acres.

In regard to the diversion in the N.E. of 2026-26, .09 acres, the Secretary was instructed to advise the C.P.R. that this had been given to the Municipality gratis, in view of the fact that they were not requested to straighten the bridge over the Irrigation canal at this point, arrangements being made to this effect with Mr. Stockton of the C.P.R.

In regard to the diversion in the N.W. of 35-25-24, 2.71 acres, the Secretary was instructed to ascertain if this diversion has not been paid for, but if not, to include it with the rest.

N.E. of 32-24-25, 1.75 acres non-irrigable. It is agreed to compensate the C.P.R. at the rate of $20.00 per acre.

Correspondence was read from the Alberta Pacific Grain Co. advising that they are donating $75.00 towards the construction of a road-way into the town-site of Lyalta. On motion, Mr. Ruemiller was authorised to proceed with the construction of this mile and a half of road.

Corespondence was read from Mr. A. Rochon, relative to section of road north of section 2-25-24, requesting that this be gravelled. Councillor Walker reported on investigating this matter and stated that it would necessitate an expenditure of approximately $400.00. As the divisional funds for Division No. 1 have already been expended, it was agreed that no work could be undertaken this year.

The matter of a road diversion in the E. ½ of 17-27-26 was discussed. On motion, it was agreed to cancel this diversion, and Mr. Scratch was delegated a committee to settle the matter of the compensation of land, which Mr. Henricks is demanding, between Mr. Bertram and Mr. Henricks.

The Secretary reported on a claim of W. E. Mercer for refund of pound charges in conection with the Pound kept by Mr. H. Backs. Messrs Donkin and Walker were delegated a committee to investigate, and settle this matter.

Mr. D. Howell was present and addressed the Council in substantiation of his appeal of assessment which was refused at the previous meeting. On motion, it was agreed that no appeal could be considered for the current year. The secretary was instructed to ask the Department of Municipal Affairs for exemption of 321 acres of lake in Section 11, 12 an 14, in Township 27, Range 26, from our area of equalised assessment for the year 1927 and hence.

The Secretary reported that the Wheat Pool refused to accept the blanket coverings of assignments on the Wheat pool for taxes. On motion, it was agreed to write the Wheat Pool that if they did not accept these, in many instances, it would be necessary to make siezures of the grain, and sell it on the open market outside of the Pool elevators.

On motion, the Secretary was instructed to write to the Union Iron and Foundry Co., Calgary, and request them to have an expert supervise the installation of our tractor repairs and to report as to the cause of the bearing-cap breakage. The Secretary reported on the storage of the tractor, which could be obtained from Mr. Widner for the sum of $2.50 per month, in a good machine shed, where it would be supervised.

Councillor Ruemiller reported on the matter of several private bridges in his diversion, which had been destroyed by the reclamation ditcher of the C.P.R. in repairing the irrigation canals. The Secretary was instructed to write to the C.P.R. asking them who was responsible for the replacement of these bridges.

FRANK J. EWING,
Secretary-Treasurer
per J.J.H.

CHEADLE

Mr. and Mrs. Wm. Reed were Calgary visitors during the week.

Mr. Bob Anderson, a brother of Del, formerly of Nightingale, is helping at the A. P., and Clarence Bergquist, of Carseland, is at the National.

Cheadle School has been closed for a few days on account of a mild case of scarlet fever in the district.

Miss Dawson went home to Calgary while the school is closed.

Miss Mary Craig left on the 30th for the Holy Cross Hospital to train.

The new furnace has been installed in the Ladies Club Hall.

Mr. and Mrs. A. Carr were visitors at O. G. Craig's on Friday, from Calgary.

Born at the Holy Cross Hospital on Thursday, September 30th, to Mr. and Mrs. Dick Thompson, a daughter. Mrs. Thompson was formerly Miss Margaret Miller.

Dave Smyth, Jim Payne and Ches. Barber were threshing wheat the last of the week, but it was real tough.

COAT MADE IN RECORD TIME

What is believed to be a record for quick work of its kind was made at Brantford, Ontario., recently. The Lieutenant-Governor was to take part in, a sheep was sheared and in the afternoon at four o'clock the overcoat was finished and was worn by the Lieutenant-Governor in opening the section of the exhibition. It took nine hours to complete the operation of transforming raw wool into a tailor made coat. To save time the coat was carried from Brantford to Toronto by airplane.

Combine Harvester Successful at Swenson's

S. Swenson, one of the enthusiastic farmers of the Bow Valley, who has experienced all the trouble and joys of operating a large farm, has been sorely perplexed in regard to the merits and demerits of the Combine Harvester.

However, after giving the benefit of his most mature judgment, this year he decided that, win or lose, he was going to give the big machine a chance to make good or prove that it was not suitable to handle grain in this district.

Accordingly he placed an order for a machine, and so far this season has cut over a 1,000 acres for himself and now he is doing some very efficient work for his neighbors.

Only the heads are cut, and the machine operates at its best when the grain is dead ripe.

The binding, stooking, and threshing, three very important operations in harvesting are thus reduced to one, through the use of this machine, which is operated by three men, and two other men removing the grain to the granaries or to the elevator.

The machine will cut from forty to fifty acres per day, and it is anticipated that the actual operating expense this year will be about three cents per bushel, and including an amply allowance for depreciation and investment that the total cost will not exceeding six cents per bushel.

This is a very important saving in the cost of harvesting, and really means that a crop handled under these conditions might easily be a profitable one, which would show a loss under the old system of harvesting, and may very well be the means of helping to revolutionise farming in the Bow Valley.

The machine very materially solves the labor problem, and to quite an extent controls weather troubles, as it is possible to leave the grain standing until the weather conditions prove most favorable.

There are several firms now manufacturing the combine machine, hence competition may very soon develop further improvements from season to season.

John Miller, of the Pioneer Meat Market has been most pronounced in expressing confidence in the suitability of these machines for use in Alberta, as he had years of experience in connection with similar outfits in the State of Washington.

The grain that Mr. Swenson has been able to market has been grading exceedingly well, considering the weather conditions.

D. N. Gardiner, Secretary of Bow Valley, was an interested spectator at the Swenson farm, and has absolute confidence in regard to the machine being a complete success and filling a long felt want.

Harry Miner was another spectator, but you couldn't pry an opinion out of the deep thinking, mild mannered councillor, with a crowbar. Harry says he sells machinery, and has to be careful what he says in public, but judging from the smile that backed up his diffidence of expression, the Standard came to the conclusion that "Harry" thinks the combine is a real winner, and before another season he will be making public speeches, presenting the merits of one of these machines.

SCOUT NOTES

FIRST STRATHMORE TROOP BOY SCOUTS

There was a large turn out of the Scouts and Wolf Cubs at the Campfire on Monday to celebrate the First Anniversary of the inception of the Troop.

Very few of the parents were able to be present owing to there being several other attractions, but the boys had a real good time, and consumed large quantities of buns, hot dogs, and coffee.

The officers of the Troop invite the closer co-operation of all persons Troop and Wolf Cub Pack, and the interested in the movement at all times, and they will gladly explain the objects and endeavours of the movement which is the oldest organization of its kind in the Dominion.

Few people realize the time and effort it requires to run a Scout great difficulty in connection with the organization, is to get officers to give this time and effort.

Nothing of a military or sectarian nature is allowed, and parents who desire their boys to grow up imbued with the spirit of playing the game would be well advised to see that that boys become members, and the training will help to some extent in creating that essential community spirit which will be required of the boys when the present workers for the community are unable to carry on.

That he had a letter just last week,
Written in the Onest Greek,
From a coolie in Timbuctoo,
Who said the niggers in Cuba knew
Of a colored man in Texas town,
Who got it straight from a circus clown,
That a man in Klondyke heard the news
From a gang of South American Jews,
About somebody in Borneo
Who heard a man who claimed to know
Of a swell society female rake
Whose mother-in-law will undertake
To prove that her husband's sister's niece
Had stated in a printed piece
That she has a son who has a friend
Who knows HOW the WORLD'S SERIES will END.

World Wheat Situation

In 23 countries the area reported to date, according to the Dominion Bureau of Statistics, as sown to wheat is 177,854,300 acres, as compared with 175,468,800 acres last year, an increase of 1.5 per cent, and as compared with 174,884,600, the average for the five years 1920-24, an increase of 1.7 per cent. Omitting the United States and Canada, the wheat area in Europe, Asia and Africa is reported as 97,675,300 acres, as compared with 101,175,800 acres for the same countries last year. As the United States report this year an acreage under wheat of 57,687,000 acres, as against 52,200,000 acres last year, it is this recovery of 5,487,000 acres with also a reported increase in Canada of 699,000 acres that causes the total acreage for the 23 countries to exceed that of 1925.

Production estimated to date has been obtained for 18 countries, and the total for 1926 amounts to 2,175.5 million bushels, as against 2,201.5 million bushels for the same countries last year. Deducting Canada and the United States, the production in Europe, Asia and Africa this year is 1,059.7 million bushels, as against 1,123.6 million bushels last year, the United States crop being placed at 767,357,000 bushels as 666,485,000 bushels and the Canadian at 348,626,000 bushels, as against 411,376,000 bushels.

Russia May Again Export

The European rye crop, both as regards area and production, is said to be decidedly smaller than last year, India is not expected to be able to spare any appreciable quantity of wheat for export, and the situation as regards Russia is very uncertain. Last year it was officially forecasted that the exports of wheat from the Soviet Republics might exceed 110 million bushels, but for July 1 to December 31, 1925, there were actually only 14 million bushels, whilst according to Bromhall's Corn Trade News of July 6th the shipments of wheat from South Russia from August 1, 1925, to June 30, 1926, amounted to 20,512,000 bushels.

Whilst no estimate of this year's wheat production by the Russian Republics has yet appeared, the condition of the crop is reported as good, and yields equal to those of last year are anticipated. From the export figures quoted above, it does not appear likely that Russia will figure largely as a wheat exporter this year, but at the same time they indicate the posible reappearance of the Russian countries as a definite factor in the world's wheat trade.

ANOTHER COMMUNITY EFFORT

Editor of the Stanrard:

The very fully detailed report of the epochal event which appeared in your columns recently, to wit, the beautification and dedification of our humble but serviceable friend, the silent policeman, caused a stir in local affairs. The following is another undertaking which is worthy of a place in the press to be handed down to posterity.

An energetic scribe, on the outlook for gossip for the "Rag", espied one of our staid and stout councillors on the main thoroughfare at 4.14 p.m. on the 29th inst, carrying a lantern in his hand proceeding north. Visions of Diogenes looking for an honest man crossed his mind, but the thought was dismissed instantly—this town is overrun with them. A point of vantage was gained by the scribe placing his person behind one of those unattractive, but nevertheless useful conveniences, a light standard, pole, or erect piece of timber, supporting a lamp, light, or bulb; an astute gaze was kept on the local representative of law and order, and his actions recorded. The councillor entered the Memorial Hall; after many going and comings for various tools he at last mounted a chair and proceeded to dismantle the "goose-neck" which has graced the hall entrance since its erection. Old timers can well recall when this was the only fixture of its kind in the district. Since then it has been copied by the garages and hotels; the last straw that broke the goose's neck occured when a similar object appeared above the town hall door, flaunting itself as another rival.

Two goosenecks could not exist in such close proximity. This no doubt caused the committee in charge of the Hall's esthetic appearance to scan the catalogues, and secure a lantern, which now lights the wayfarer on his entrance.

During the erection, many unnecessary vehement words were heard, especially when the helper, who appeared at odd moments, hindering rather than helping, handed the wrong tools.

As is essential, the work was passed by the civic electrical inspector, who made a stealthy and modest approach.

At 6.45 p.m. precisely the workman gathered his tools, wiped the sweat from his brow, and departed without a backward glance, considering the task completed. The traffic was not held up, there being no spectators—hence no cheers were raised.

The following facts have been gleaned: the fixture was supplied by a Calgary Electrical Firm at an extortionate price, no BX cable was used and no BEER XXX was drunk before or after the job. The U.E.& E. Co. are supplying the juice at the usual price subject to the customary discount. One screw nail was supplied by a person unknown. The work was voluntary, nothing was donated, and if the town desires to do the right and just action, they can pay for the fixture.

Sincerely yours,
"GOOSE-NECK"

CATTLE AND MEAT EXPORTS

According to report from the United Kingdom, the fight which is being waged there for control of the meat marketing is having the effect of drawing greater attention to the possibilities of Empire supply, and particularly that of Canada. There is peculiar opportunity, it is held, for Canadian exporters at the present time, especially in the marked movement apparent to expand the purchase of Empire food products. The possibility of the United Kingdom looking to Canada for large meat purchases would impart a still further impetus to the Dominion livestock and meat industries.

The cabled statement expresses a belief that the United States will in a few years become a meat importer, due to the great increase in population, but strangely the opinion seems likewise held that Canada will ultimately be in the same position. It would seem to disregard the fact that the Canadian livestock industry is but getting back into shape after a period of stimulated war shipments, during which quality was sacrificed to quantity, and following the disastrous years in which, with the Fordney tariff on one side and the British embargo on the other, Canadian cattle had no export outlet.

STRATHMORE SCHOOL FAIR PRIZE WINNERS

The winners of the Short Course at the Claresholm School of Agriculture are Hilda Galpin, of Berta Vale, and Leslie Teede, of Elwood.

The medal for most points in agricultural classes goes to Richard Tudor, of Cairnhill.

The diploma awarded by the Dept. of Agriculture has again been won by Berta Vale school. Great credit is due Mrs. Bartlett and her pupils.

WELCOME LETTER FROM JOHN MACKENZIE

Rothesay, Scotland,
Sept. 18, 1926

Finding a copy of the good old Strathmore Standard in my letter box to-night reminds me that I owe a letter to the readers of that g.f.j. with which I have been so intimately connected during the past seventeen years. My only apology for not writing sooner is that I have been strenuously engaged in getting into business here, and mastering the intricacies of pounds, shilling, and pence. And the pound is not what it used to be when it comes to the point of employing it for buying purposes.

I see by the Standard that crops are good again this fall, but that, like Scotland, you are having lots of rain. The harvest here is also good, and is mostly cut and stacked. The average wheat yield here will be a bit over 30 bushels per acre, that is for the United Kingdom. Of course, it costs more to raise a bushel of wheat here than in Canada, with fertilisers and what not, but the results certainly look good.

My town here does not depend for its welfare so much on the grain or root harvest but on the tripper harvest. Let me explain. The great industry here is catering to the holiday makers. They come in huge numbers from the beginning of April till the end of September, from the great industrial centres of the country. Although the harvest has not been quite so good as usual owing to the coal strike, yet everyone seems to be fairly well satisfied. Had it not been for the coal strike, the present year would have been the most prosperous the old country has had for some time, and even with the strike, business is not so bad after all, and prospects are for good times afterwards.

There is not as much apparent poverty over here as there used to be. This is due partly to the unemployment scheme, usually referred to as "the dole", the latter name indicates that it is a handout, and this impression is often given by press correspondents writing to Canada, it is a misleading impression, though. The scheme works like this. Every employer, in giving out his weekly pay, takes from each man's wage the sum of one shilling and fourpence. To this he himself adds one shilling and fivepence, a total of roughly 65 cents. With this money he goes to the Post Office and buys stamps, which he affixes to a book bearing the name of the workman. The money thus paid goes into a fund, out of which is returned a certain amount per week when the man whose name is on the book is idle. The amount also covers sickness expenses, old age pension contributions, and several other items. The scheme is abused by some, but there is no doubt that it has done a great deal by enforcing saving, to eliminate poverty, and it has also worked a great improvement in the health of the people generally.

Great progress is being made in house building, and in the clearing out of slum areas. Also, drunkenness is not at all the scandal that it used to be. This maybe ascribed to better living conditions, to education, to the public houses only being open for eight hours a day, and to the heavy taxes levied on spirits. A glass of whisky (that is, an amount about an inch deep in the bottom of a small tumbler) costs a shilling, and it is diluted 48 percent. with water. So spirits are an expensive luxury.

So much for the old country. I am pleased to see, by the figures cabled over here, that the U.F.A. won 11 out of the 16 Alberta seats in the Dominion election. They express a new viewpoint, and while I know that quite a number of those who read the Standard do not agree with that viewpoint, (I speak from firsthand knowledge here), and while the U.F.A. system is not necessarily perfect, yet new viewpoints are necessary if Canada is to escape from the sordid evils of the present system of politics, which hamper her growth and lower her morale. On this side the people have suffered from the existence of evils which have grown up through the centuries. They are valiantly striving, with a considerable measure of success, to eradicate these evils. Canada started with a clean sheet not much more than fifty years ago. Alberta only 21 years ago, surely we can learn from the history of other countries, and avoid the pitfalls into which they, with some excuse, fell, taking for the first time steps in democracy. There would be no excuse for Canada, with all her opportunities, and resources that are yet hardly touched, endangering democracy by party corruption, or placing private gain before the rights of humanity as a whole.

I am pleased to see Bert Huffman wielding a trenchant pen in the columns of the Standard, and also to see the fine tone of the editorial columns. You readers are fortunate to have Andy Moore with you, and I know you will back him up.

At the present writing I do not know the result of the Bow River riding, but my impression is that the Garland of victory did not go to Scratch, good man though he is. I hope you will forgive this pun.

Well, that's about enough for this time. I will try to write again, if you want me to. Meanwhile, best regards to all my friends in the Bow Valley.

Yours,
JOHN MACKENZIE

GOLF

Following is the draw for the Second Round for the Championship Cup and Consolation Medal, and must be played by Monday evening, October 11th.

AMERICAN DIVER ATTEMPTS NEW "STUNT"

Considering English channel swimming feats now too prosaic, K. Everts, deep sea diver, has announced he plans on walking across the bottom of Hampton Roads, Va., seven miles, in his 200 pound diving suit and challenges any other diver to out-walk him. "People are going crazy," the diver said, "about this swimming the English channel. If they really want a thrill. I'll give them one."

SCHOOL COLUMN

Word has been received from Mr. Buchanan that the convention has been postponed till the 4th and 5th of November.

John Garrett had the misfortune to break his arm last week. He is progressing favorably, and we hope he will soon be back at school.

The total enrolment at the Strathmore School for the month of September was 197. The average daily attendance was 168. Seventy-six pupils attended the full 21 days school was open. Only three of these were in the primary room. While regularity is of very great importance in all grades, in a beginners class it is an essential to progress. The co-operation of all concerned is respectfully requested, with regards to punctuality and regularity.

Report cards will be sent out monthly in the four junior rooms. In the two senior rooms they will be finished at the end of October, at Christmas, at the end of February and at Easter. Parents and guardians can assist the teachers by carefully examining these records of the pupil's progress, and by seeing that they are promptly returned to the school.

AMERICAN WEALTH IN CANADA

As the result of a special research recently conducted it is reported that the amount of United States investments in Canada and Newfoundland at the end of 1925 was $2,825,000,000, which amount is approximately $200,000,000 more than was estimated by the Dominion Bureau of Statistics at the beginning of 1924, indicating new investment coming from across the border at a very heavy rate at the present time. This is easily understood when in the field of bond investment alone the United States purchased to the extent of $211,956,753 in 1924; approximately $175,000,000 in 1925; and over $75,000,000 in the first half of 1926.

United States capitalists first began to exhibit a keen interest in Canadian investments about 1900. At that time the amount of United States capital invested in the Dominion was estimated to be but $150,000,000. Investments continued to be made at a heavy rate thereafter until the figure had by 1913 increased some 400 per cent. and amounted to $750,000,000. At the outbreak of the war British capital, which had up to that point been the most important factor in Canadian development, was estimated to be standing at $2,500,000,000, or more than three times that of American.

MARKED INCREASE IN HOMESTEAD ENTRIES IN JUNE

EDMONTON, Alta.—A total of one hundred and forty-two homesteads and eight soldier grants were filed upon at the local Dominion Land Office during the month of August. This is a marked increase over the corresponding twelve months of last year.

NAMAKA

Mrs. Behan and family have moved in to the house recently vacated by the Fressen family.

• • •

We are sorry to hear Mr. Carmen Watts has been quite ill with an attack of bronchitis, but we hope to soon see him around again.

• • •

The threshing machines are again busy in the district.

• • •

Rally day was held on Sunday and quite a number of people turned out to hear the program so ably rendered by the juniors.

• • •

One of our sportsmen proved himself a real shot, when he secured a couple of fine grey geese last week.

• • •

Mr. and Mrs. W. J. McKinnon and family have moved into Namaka for the winter.

• • •

Mrs. H. E. Thompson and family have moved to Calgary for the winter.

• • •

Miss McKenzie visited her sister at Bantree over the week end.

NIGHTINGALE

The U.F.W.A. held their regular meeting with Mrs. Taylor last Saturday. The roll call for the day was, "Your Hobby." It was decided to hold a masquerade on November 5th. The ladies are planning to give all who come a good time. A political letter was read, also the September Bulletin, and some discussions followed. The next meeting will be with Mrs. Stoodley October 30. Mrs. Taylor will give a paper on "Social Service Work in the Province." It is hoped that the threshing will be completed so that we may have a full attendance.

• • •

R. A. Lambert was a Calgary visitor Saturday to take in the cricket match.

Mr. and Mrs. Sid Griffith and daughters were week end visitors in Calgary, guests of Mrs. Thurston.

• • •

Mr. and Mrs. A. G. Perrott, of Drumheller, are visiting at the home of Mr. and Mrs. Harriman.

• • •

Mrs. H. S. Dougan was a visitor to Rosedale between trains Saturday.

• • •

E. M. Stoodley was busy threshing at Don Osmonds on Monday.

• • •

Jack Brackley has finished his threshing, and gone to High River.

• • •

Margaret Lounsberry and the Joel children are victims of whooping cough.

• • •

Mr. Geo. Thurston last Saturday shipped to Swastika a train load of sheep, about 1800, having disposed of his original flock to Mr. Koch, of Swastika. Mr. Thurston believes in improving his flock.

• • •

Constable Tate, of Strathmore, has been busy looking up threshers to see if the licenses are O. K.

• • •

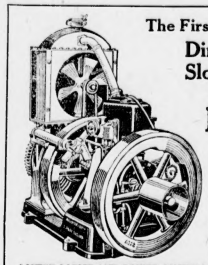
Mrs. Cliff Kinnett had a puncture Monday. It always helps a lot when you are in a hurry to get supper.

• • •

Ray Putman was up to Calgary last Friday. He is now busy threshing.

EXPORTS OF BUTTER AND CHEESE

In the twelve months ending with the sixth month of the present year, according to the Dominion Dairy News Letter, Canada's export of butter decreased close upon two and half million pounds compared with the previous year's returns, but a cent and a half per pound increase in price to some extent counterbalanced the deficit. On the other hand the total export of cheese increased by over twelve million pounds, and by almost three cents a pound in price.



The First and Only
Direct-Coupled Slow-Speed 700 R.P.M.
Radiator-Cooled
Electric Lighting Plant
on the Canadian Market is now within the reach of every farmer who values safety, economy, convenience and cleanliness either in the home or in and around his stock barns.

LISTER LIGHT AND POWER SYSTEM is the plant with lots of reserve power. (The small 500-600 Watt outfits are practically useless for power purposes where lighting is required at the same time as power.)

LISTER IS BRITISH BUILT
of 1,500 Watts capacity, using 3½ H.P. Lister Engine—made by a firm with a world-wide reputation of over 100 years' engineering experience.

HEARD ON THE STREET

While going overseas, one of the officers fell overboard, and was rescued by Pete Telfer.

The officer felt very grateful, and asked Pete how he could recompense him.

"The best way, replied Pete, "is not to say anything about it, because if the rest of the gang knew I pulled you out they would chuck me in."

• • •

Teacher: "If Premier King and all the members of the cabinet should die, who would officiate at Ottawa?"

Pupil: "Charlie Chase, the undertaker."

• • •

Jock Taylor and an old friend met at the Club in Calgary.

"I hear, said Jock's friend, "that you are going to be married shortly. I hope you will be very happy."

"Oh, I don't see why not," replied Jock, cheerily: "I came through the war without a scratch, you know. I'm game."

• • •

Bill Tierney had a letter from a friend of his in Moyie, in which he tells of an old acquaintance of Tierney's, a Mrs. Nicholls, a widow, who married, as her second husband, Mr. Eustace Shaw, and their is a son by their marriage.

This week a daughter of Mrs. Nicholls's first marriage, Miss Marjorie Nichols, was married to Mr. Shaw's elder brother, Alfred.

Mr. Alfred Shaw is now the (step) son-in-law of his younger brother, and his mother-in-law. The younger Mrs. Shaw has become a ster-in-law to her own stepfather.

In addition, Mr. Eustace Shaw's son is nephew of his half sister. Tierney says the bunch are so badly mixed up that he has been driven almost "goofy" trying to figure out the relationship.

• • •

Judge: "Have you ever seen the prisoner at the bar?"

Witness: "Never, your honor. But I've seen him when he's come away from it, staggering something scandalous."

• • •

"Dad, said the beautiful girl, "Jimmie and I are two souls with but a single thought."

"Don't let that discourage you," replied her father, kindly. "That's one more than your mother and I had when we were married."

• • •

Agent Perry: "How old are you, Willie?"

Willie: "I'm ten at home, eleven at school, and six when mother takes me on the train to Calgary."

• • •

Percy Parish says you would not believe it, but that Bill Wilkinson is one of the most sentimental men he ever knew: he simply weeps when you mention the amount of work to be finished before the season closes.

• • •

Teddie Pendergast said to Jock Taylor, "You did not tell me that you came from Aberdeen."

"No, sir, I didn't," replied Jock, "I didn't want to brag."

• • •

Teacher of Hygiene: "Why must we always be careful to keep our houses clean and neat?"

Little Girl: "Because company may walk in any moment."

HEARD ON THE STREET

A customer stepped into T. E. Wright's, and asked the price of some men's handkerchiefs. Don showed a fine selection and soon completed the sale, and enquired if the customer could use to look at some new suits, or see over the latest Robberds line of samples.

"No, sir," was the reply.

"Well, how about some winter underwear?" asked the persistent Don.

"Oh'er, mamma always selects mine," the fair customer replied.

"What about some socks, we have a fine line?"

"No, I always knit my own," was the reply, and just as Don threw up his hands in despair, a young fellow stuck his head in the door and called, "Hurry up Marjorie, it is time that we were getting home."

Don has come to the conclusion that it is getting harder all the time to know whether you are selling to a lady or a gentleman.

"You must be growing tired of me," said Mr. Newlywed. "You never call me 'dear' as other men's wives do." "Do they?" she asked, and so on, far, far into the night.

• • •

Bobby: "I tell you my love for you is making me feel—sick."

Alice (calmly): "Well, keep quiet about it. It's had the same effect on my father."

• • •

Percy: "So you don't believe the women dress to please men?"

Bill Wilkinson: "I now think they dress to tease women."

• • •

Small Boy: "I bet he'd kiss you if I wasn't here."

His sister: "Willie, how dare you! Leave the room at once!"

• • •

Constable Tate met a small boy on the street at 1 a.m.

"What would your father say if he saw you here at this hour?" asked the Constable.

"He would say, 'Don't tell your mother!'"

• • •

Bill Tierney was talking to a friend of his who confided to him that he had forgotten himself that morning and had spoken sharply to his wife. "Did she resent it," enquired the illustrious tailor. "For a moment she did. But she is a fair minded woman after she had thought it over she shook hands with me and congratulated me on my pluck."

• • •

Teddie Pendergast: "There's one thing I don't like about Pete—his English is bad."

Jock: "Yes—and his Scotch is mighty hard to get."

• • •

The little girl came home from her Sunday school eating a bar of chocolate. "Why, dear, where did you get the chocolate?" asked her mother. "I bought it with he nickel you gave me," she said. "Mr. Rowe met me at the door and got me in for nothing."

• • •

He: "Will you marry me?"

She: "But I must tell you, I'm a somnambulist."

"Oh, that's all right. You can go to your church and I'll go to mine."

• • •

Excited Frank (hurrying into wife's room): "Oh, dear! Intelligence has just reached me—"

Wife: "At last! At last!"

• • •

Daughter: "Mums, I was in the kitchen just now, and cook made an awful faux pas!"

Mother: "Well, she can throw it away. I told her when she came that I didn't like those French dishes!"

• • •

Little Strathmore girl: "Oh, mother, guess what! I just saw a lady with great long hair gathered up in a bump on top of her head and held there with pieces of bent wire."

• • •

Pete Telfer says that during the war about ten of the enemy attacked him, and he killed the lot of them and escaped.

Jock Taylor: "That's nothing. I had my horse shot from underneath me in the battle of Jutland."

• • •

They were quarrelling. "Well, you can't say I ran after you," said the wife.

"Neither does a mousetrap run after mice, but it catches 'em just the same."

• • •

Mr. Brown: "Did my wife make a speech at the political meeting."

Mr. Bones: "Well, I don't believe I've ever met your wife, but a large, distinguished looking woman got up and started by saying she couldn't find words to express her feelings."

Mr. Brown: "That wasn't my wife."

• • •

Mamma: "Why what is the matter dear?"

Little Joan (sobbing): "Something dweadful happened, mamma."

Mamma: "Well, tell me about it."

Little Joan: "My d-doly got away fwom me, an' bwoke a plate in the pantwy!"

• • •

The lady rushed into her living room. "Oh, Frank," she cried, as she panted for breath, "I dropt my diamond ring off my finger and I can't find it anywhere."

"It's all right, dear," said Frank, "I came across it in my trousers pocket this morning."

• • •

"I hear you own a new Star car now."

"Well, in partnership with Neil White."

• • •

Small Boy (returning from oculist's, showing his first spectacles to admiring little sister): "You know, I've got to wear them always—only to close work?"

Sister: "What do you call close work?"

Small Boy: "Oh—well—eating, and so on."

• • •

"Now, Aggie, dear, I do hope you and Billy will be happy. But always remember that it takes two to make a quarrel. Tom and I are happy because I never forgot the two chief rules for handling a husband. I pass them on to you, my dear—Feed Him and Flatter Him."

• • •

Lady in the Rexall Drug Store: "I want a cake of soap."

Wilfrid Gardner: "Yes, madam, here is Prince of Wales Boudoir soap highly milled and finely scented. Then here is Madam Nix's velvet cuticle soap, while this here was named after the Prince of Wales. Which one would you prefer, madam?"

Lady: "Have you any soap that will take dirt off?

• • •

When Jock Taylor was in Glasgow a Scottish minister was on his usual visiting rounds, met him on the street.

"And how has the world been treating you, Jock?" asked the minister.

"Very seldom!" replied Jock sadly

• • •

Magistrate: "How is it you haven't a lawyer to defend you?"

Kelly: "As soon as they found out that I hadn't stolen the automobile they wouldn't have anything to do with my case."

• • •

Visitor: "That boy of yours seems to have a rare thirst for knowledge."

Mother: "Yes. He gets his thirst from his father and his knowledge from me."

• • •

"It's some time since I had a meal at the Club Cafe at Calgary," said Frank Miller, as he finished his dinner. "I don't find much alteration."

"I don't find much change, either," said the waiter as he picked up the penny that was left under the plate.

• • •

Percy Parish says it's hard to understand why so many men want to get married when debating societies can be joined so easily.

• • •

Fred Anderson says he was reading in the newspaper where a Winnipeg traffic cop had just married a girl he bawled out for speeding. "Now it's her turn," remarks Fred.

• • •

Tulsa, Oklahoma, boasts of having the most beautiful girl in America. And outside of the prettiest one in everyone's mind in everyone's own home town no doubt Tulsa is right, sighs Jim Weir.

• • •

"Jock Taylor has made quite a reputation for himself as a local gardener although this year has rather deserted the work, since he formed an alliance with Pete Telfer. However, the last time he was in town he met one of his many Scotch lady acquaintances, who said to him: "Mon, Jock, I wonder you don't get marrit. You've got a nice house, and all you want to complete it is a wife. You know that the first gardener that ever lived had a wife."

"Quite reet, missus," said Jock, "quite reet. But he dina keep his job long after he had gotten the wife."

• • •

The general-manager of an electric company thought he would keep in touch with the patrons of his company so he invited their attendance at a meeting.

In addressing them, after pointing out the great service the company was performing, which acts should be recognised by the patrons, in fact he he said, in the words of the poet, you should "Honor the Light Brigade."

Consumer's voice at the back of the hall: "Oh, what a charge they made."

It wasn't Bob Brown who pulled that one, nor his right bower, Jack Allen.

::LOCAL JOTTINGS::

Langdon W. I. is going to re-model their Club Room, making it a modern building. Each member is lending $10 to the fund, which money is to be returned to the member. A parcel shower for a needy family was held at the last meeting, and a box is being filled for the Sunshine Society. The meeting, October 20th, will be held at the home of Mrs. M. C. Salmon, in Calgary, when a musical program will be given, and Nellie McClung will speak on "Current Events."

• • •

R. W. Gardiner, left on Tuesday for Edmonton, where he will visit with his mother for a few days.

• • •

Friends are extending congratulations to Mr. and Mrs. W. H. Groves upon the birth of a son on October 2, at Mrs Mackenzie's Hospital. Grandpa Harry Groves is quite certain that the young man is a future reeve for M. D. Bow Valley, so Reeve Chamberlain had better watch his step.

• • •

A. B. Claypool, M.L.A., Director of the Alberta Live Stock has been in Strathmore and made arrangements with R. W. Gardiner to act as local representative of the pool. Mr. Gardiner will have quite a large territory to oversee, and is very enthusiastic over the prospects of making a real success of the local Pool. Mr. R.W. Gardiner points out that this is an excellent stock district and that given an opportunity to make the cattle game profitable is all that the farmers are asking.

Rev. Rex Brown of Calgary will give a lecture in Strathmore on Monday, Oct. 25th in the United Church.

• • •

Last Saturday afternoon Mrs. Dr. Girvin of Calgary formerly of Strathmore, entertained a number of friends at Bridge. Among those present were some former residents of Strathmore, Mrs. Boles, Mrs. Bailey, Mrs. Laidlaw and Miss Martin; and Mrs. Dr. Salmon, Mrs. Dr. Willard and Mrs. A. A. Moore of Calgary. Mrs. Hirtle, Mrs. T. Chamberlain, Mrs. Sugden, Mrs. Stockton, Mrs. Pierson, Miss Pierson and Mrs. Sorensen of Strathmore.

• • •

Emil Lacombe from Langdon is in charge of a number of horses that have been shipped to Russia, under the supervision of Jack Byers, who is personally supervising the shipment, to see that the animals arrive in the land of the Bolsheviks in good condition.

• • •

The masquerade dance at Nightingale Hall on Friday, Nov. 5th is the talk of the town. It is known that when the Nightingale bunch get busy that it is the real thing and this one is under the auspices of the U.F.W.A. Everybody going?

• • •

A picture Sermon, subject "Christian work in India., will be given in the United Church next Sunday, Oct. 10th.

• • •

H. M. McCallum of Calgary is registered at the Strathmore Hotel. He is in the district in connection with some estate affairs. H. M. is one of the best known surviving Liberals of Nova Scotia, who is delighted with the results of the late Dominion election, but cannot reconcile himself to the vote given by the Nova Scotians."

Last week a Chrysler car, driven by a Calgary taxi driver was pretty badly smashed up when it turned over about twelve miles east of Strathmore. The passengers were badly shaken up, the driver cut with broken glass, while looking slightly the worse of the mishap, the car sailed back to Calgary under its own power, after the driver had a little conversation with Constable Tate, explaining just how it happened.

• • •

The recent frost did but slight injury to the potatoe crop; most of the tubers show practically no injury. A number of farmers report a very light crop, in fact the smallest yield that they have ever had in this district.

• • •

On Monday, Mr. Sibley, who has been engaged handling a machine in connection with the irrigation work in the Keoma district, met with a very painful accident, whereby he lost two fingers on one hand and also suffered severe injury to the other hand. He also had his collar bone broken and his shoulder dislocated. The injured man was given prompt medical aid at Irricana, and then rushed to Calgary, where he was treated by Dr. Aikenhead. Just how the accident occurred it is not known at present but is thought that he undertook too much by himself in handling the machine while his son, who had been working with him, came to Strathmore to secure some repairs. Mr. Sibley is well known in Strathmore. He is Mrs. Frank Miller's father, and his friends express regret in learning of the accident, and hope for a speedy recovery for him.

• • •

The members of the Fire Brigade are very anxious to find out what happened to Chief A. V. McFarland's golf club on Sunday evening.

• • •

Business on Saturday afternoon, and Saturday evening was the best that the merchants and business men have had for several weeks, in fact most of them were busy right up till midnight, and Manager Hirtle was delighted with the turnout at both the first and second shows. A few weeks of fine weather and this kind of business will be the regular thing.

• • •

Strathmore people are arranging a play, to be presented the end of October. Rev. Mr. Rowe, who has been privileged to get in on the rehearsals, vouches for the quality of the production.

• • •

Miss Hiron, L.A.B., of Calgary, has been the guest of Mrs. Zerkle. Miss Hiron left on Sunday afternoon for Cluny, where she attended the Gleichen Women's Institute Convention, especially assisting with the musical program.

• • •

"Jack" Allen, of the United Electrical Company, was in high dudgeon last week after General Manager Brown arrived in town. It was only a few minutes after the bosses' arrival that reports began to come in in regard to line troubles, and the pair of them were kept busy until almost midnight. "Jack" says he is beginning to think that "Bob" Brown is a real jinx: as long as he stays in Calgary, everything goes along fine, and as soon as he arives here troubles begin. He wishes he would stay in Calgary, and just mail the pay checks.

Langdon Women's Institute will hold a meeting at the home of Mrs M. C. Salmon, Calgary, on Wednesday, October 20, when a musical program will be given. Mrs. Nellie McClung will give an address on "Coming Events."

• • •

A Strathmore Scotchman phoned the Labor Department at Calgary, last week, asking for six men, and pointed out emphatically that he wanted good men, not any dagoes or Greeks. The official mildly enquired would Scotchmen be O.K. Then the phone wires became surcharged. Fred J. Dunn very innocently repeated the story to a few of his clients, and has been threatened with extinction.

Real estate is becoming quite active, two houses having changed hands within the last week. Robert Barr put an ad. in the Standard last week, and at a cost of fifty cents, sold his cottage on Fifth Street. Bill Williams purchased a house on First Street, opposite the home of Postmaster Martin from the Netherland Investment Co., which has been newly decorated by Messrs Parish and Wilkinson. Nothing like a little paint to make 'em move fast. There have been several inquiries for other houses.

STRATHMORE UNION CHURCH NOTES

—o—

We hope to have for our Strathmore and Cheadle Anniversary and Harvest Home Services, and for a lecture on the following evening, the Rev. J Rex Brown, of the North Hill Church, Calgary, who is Chairman of the Calgary Presbytery. The 24th and 25th of October are the dates. Namaka congregation will hold their Anniversary at some other date.

A very fine Rally service was held at Namaka last Sunday. The children helped splendidly, thanks to the help provided by the Supt. and a number of the other ladies, Miss Wilson, Mrs. Jas. McBean, Mrs. Aitkens among them.

A play by a number of Strathmore people is in process of preparation, and as we have been allowed a peep at it, we know everyone in town will want to be present when it isproduced, which will be about the end of this month.

IN almost every line of business the Chevrolet Utility Express truck has established a new record of economy in operation and maintenance.

Truck owners are amazed at the low upkeep costs of this Chevrolet one-ton truck and the day-in, day-out service under which it stands up so dependably.

The smooth Chevrolet engine provides abundant power — even for considerable overloads — on hills and rough roads.

A close inspection of the utility express chassis and the records of Chevrolet truck owners will explain to you the performance and economy that have made Chevrolet the world's third largest producer of trucks and commercial cars.

Ask your Chevrolet dealer for description and prices of the type of body most suitable for your business. Any regular body style may be built on the Chevrolet utility express chassis.

The Smoothest Chevrolet in Chevrolet history is selling at the Lowest Price for which Chevrolet has ever been sold in Canada.

Ask about GMAC Plan of Deferred Payments.

ROCKYFORD

Frank Ryan has returned to Rockyford from school in Regina. The climate at Regina (it was 20 below when Frank left) did not suit his health, and Frank expects to shortly go to school at the coast, where we trust his health will be improved.

• • •

Threshing, which had started last week, is now in full swing, and every outfit in the country going full chat. It is to be hoped that the weather will hold good now until all the fields are cleaned up. Fortunately the injury to crops from the recent wet weather does not happen to be as bad as at first anticipated.

• • •

Mr. Eddie Griffiths is spending the week-end in town.

• • •

Mr. and Mrs. Verne Dresser are rejoicing in the birth of a daughter, born at the Rockyford Hospital. Dr. R. D. Hewson attended.

• • •

There is a telephone now installed at Hamlet on the Rockyford exchange.

• • •

The city fathers and business men of Rockyford motored to Drumheller last Friday evening to interview the Union Power Co. with regard to obtaining electric light and power for the villages of Rosebud and Rockyford. The company promised consideration of the subject, and it is hoped that they will see fit to instal the power by next spring.

• • •

Mr. M. S. Hirtle has the contract to build the R. C. Seperate School at Rockyford, and the work is now well underway, and will be ready for occupancy by the end of the year.

• • •

Don't forget the Masquerade dance on October 29th. Costumes may be obtained at the Rockyford Drug Co.

• • •

Mr. and Mrs. J. B McGuire motored to Banff over the week end.

• • •

Mr. Heinzlmeir reports a yield of sixty bushels to the acre off twenty acres, on the S.W. 19-24-22; This land was summerfallowed, and is the highest yield Mr. Heinzlmeir has ever had in the six years farming in the Rockyford district, and he expects the wheat to grade No. 1 or No. 2.

HEARD ON THE STREET

HEARD ON STREET ..... esdilK .....

A candidate in the recent election, who was a staunch advocate of sex equality, sat next to a very clever woman at a dinner-party, and in reply to a remark of hers said: "My dear lady, I go further than believing in woman suffrage, I maintain that men and women are equal in every way."

"Oh," said the woman, sweetly, "how you're boasting!"

• • •

"Now this is the car you want, sir," explained Spence Hughes. "Right up-to-date You never have to crawl under it to fix anything."

"You don't!" said the customer in surprised tones.

"No." went on Spence, "if the slightest thing goes wrong with the mechanism the car instantly will turn upside down, making it very convenient to fix it."

• • •

Bill Wilkinson went out during the bad weather for a day's shooting. His wife had been teasing him about his bad marksmanship the week before, hence he was rather ashamed to return empty handed, so he bought a rabbit in town on the way to his home.

He presented the rabbit to his wife, who, after responding with the usual congratulations, thoughtfully remarked, "Do you know, Bill, it was a good job you shot that rabbit when you did; it wouldn't have kept for another day."

• • •

A young artist of doubtful talent was visited by a wealthy merchant. After looking at a number of pictures the business man said:

"Young man, do you sell many of these pictures?"

"Yes," replied the artist, untruthfully, thinking that at last he was about to sell a picture.

"Well," said the merchant, "if you will come to my office tomorrow, I will give you a well-paid job. I have been looking for a salesman like you for years."

• • •

Tommy: "Hallos, Frank, where are you going to in such a hurry?"
Frank: "I'm going home."

THE SECRET OF SUCCESS

What is the secret of success?
Push said the Button.
Take pains said the Window.
Never be led said the Pencil.
Be up to date said the Calendar.
Always keep cool said the Ice.
Don't lose your head said the Barrel.
Do a driving business said the Hammer.
Aspire to do greater things said the Nutmeg.
Make light of everything said the Fire.
Make much of small things said the Microscope.
Never do anything offhand said the Glove.
Spend much time in reflection said the Mirror.
Do the work you are suited for said the Flue.
Get a good pull with the ring said the Door-bell.
Be sharp in all your dealings said the Knife.
Find a good thing and stick to it said the Glue.
Trust to your stars for success said the Night.
Strive to make a good impression said the Seal.

SETTING THE TABLE

Setting the table is like visiting strange lands.
I lay the cloth: damask from Donegal
I can see the pale imprint of shamrock and fern
In its frosted surface;
Silver and steel from Birmingham
And the fiery fields of Sheffield;
Salt from the sea coast, tasting of sea winds and sea foam;
Pepper from Zanzibar, black with the tropic sun;
Sugar from Cuba and the clattering cocoa of the Caribby;
Bread from Alberta and the still gold prairie seas;
Olives from Italy and the ancient groves of the Orient;
Maybe figs from Smyrna, dates from Algiers,
Nuts from Brazil, oranges from California,
And a round red cheese from Edam.
As we wipe off the travel stains
In a little brass bowl from Bagdad.
It seems that all the ends of the earth
Have met at my table.

—Lloyd Roberts

"SUNRISE"

"Day
Faster and more fast
O'er night's brim, day boils at last;
Boils pure gold o'er the cloud-cup's brim
Where spurtling and suppress it lay—
For not a froth-flake touched the rim
Of yonder gap in the solid gray
Of the eastern cloud, an hour away.
But forth one wavelet, then another curled,
Till the whole sunrise not to be suppress
Rose, reddened, and its seething breast
Flickered in bounds, grew gold, then overflowed the world."

—From Pippa Passes.

DALEMEAD

The Junior U.F.A. held their October meeting last Saturday evening, when amongst other resolutions it was decided to put on a play and chicken supper this Fall. A dance concluded the evening's program.

• • •

Mr and Mrs. C. F. Haley, former old timers in the community, and now from Marley, Ill., are visitors at the home of Mr. and Mrs. Cleveland.

• • •

The High Schoolites organized their tennis teams last week, and they are playing the game with zest.

A Calgary pastor makes it a point to welcome any strangers cordially, and one evening, after the completion of the service, he hurried down the aisle to station himself at the door.

He noticed a Swedish girl, so he welcomed her to the church and expressed the hope she would be a regular attendant. Finally he said, If she would be at home some evening during the week, he would call.

"Tank you," she murmured bashfully, "but ay have a fella."

Ford

CARS

THE HANDIEST PIECE OF FARM EQUIPMENT YOU CAN BUY.

On the farm the Ford Car is a general utility of unlimited adaptability. The remarkable load of capacity is invaluable on many occasions, and it is never idle for want of a profitable use.

It is ever ready for the fast trip to town with produce for market, for supplies or machinery parts needed in an emergency in the height of the season. It is invaluable for shopping trips too, and for those many social occasions that are nowadays available to the farmer car owners.

All Fords are sold on attractive easy terms. Ask about them.

SCHOOL FAIRS HAVE MADE REMARKABLE DEVELOPMENT

In less than twenty years since the first School Fair was held in the Province of Ontario, when it was hardly dreamed the time would ever come when possibly more than a thousand school fairs would be conducted in one season.

There is not the slightest doubt that if the source of this wonderful success is sought, it will be found in the earnest whole-hearted support that has been given by the teachers, who have successfully inoculated the pupils with the possibilities of achievement, through the growing crops, production of improved animals and birds, and the actual output of the many articles that appeal to the particular fancies of the pupils. Given possession of an animal, or a plot of ground, the desire of achievement is developed, and he seeks information on how to handle and develop these under the best conditions that he can control.

The School Fair is well worthy, of the parents best support, first in the interest of the pupil, and secondly in appreciation of the painstaking efforts of the teacher.

The Provincial Government might very well increase their grants considerably, and lighten the burden of those who are giving their time and money to make the school fairs successful.

The grants at the present, we have been informed, are limited to a portion of the money awarded in prizes for live stock. Live stock, important as it is, interests only a portion of the school children.

The development of the school fair is bound to work wonders in a few years in the rivalry that will exist in the senior agricultural exhibitions. It will only be a short period until the boys and girls who are winners at the school fair will be the competitors at the big show.

The Hon. George Hoadley can do a fine work by giving very liberally to the school fairs, and secure greater returns than from any money that his department will spend.

THIS IS FIRE PREVENTION WEEK IN CANADA

From October 3rd to October 9th has been designated as Fire Prevention Week all over Canada, by Royal Proclamation.

Fire losses in Canada have been exceedingly high, creating a tremendous waste throughout the Dominion, and no small amount may be traced to carelessness and avoidable causes.

That a systematic educational plan should be conducted in the schools has been strongly recommended, it being felt that the instruction given at school will not only impress the pupils, but through them will be disseminated in the homes, and make no little impression upon the parents.

If the observance of Fire Week awakens a general interest in the condition that has been the cause of nearly two thousand lives, in addition to the destruction of property worth more than one hundred million dollars within the past five years, it will be well worth the effort.

Habits of care and sense of personal responsibility developed among the children, vitally concerns every community and every individual.

The following practical suggestions have been made in connection with Fire Prevention, to which any further ideas that Chief A. V. McParland may have will be welcomed:

All dwellings and surrounding be carefully inspected by their occupants and all conditions likely to cause or promote the spread of fires removed.

All public buildings, stores, warehouses be inspected and cleaned of rubbish in order to reduce fire hazards and maintain health and safety.

All hotels be inspected and provisions made for all changes necessary to protect the occupants from danger in the event of fire.

Fire drills be held for the children in all schools, in order that a greater degree of safety may be ensured by acquainting the occupants with the best and most expeditious mode of exit in time of danger.

Special instruction on the subject of fire prevention be given by the teacher and by municipal officials in the schools and that such appropriate literature as may be made available be distributed to the pupils.

Boy scout leaders give instructions to the troops under their control as to the best means of co-operating with municipal fire departments in the prevention and extinguishment of fires and especially as to the desirability of qualifying for the fireman's badge.

All legislation and regulations enacted or issued by Dominion, provincial or municipal authorities dealing with fire prevention be given publicly by the municipal officials and that by public meetings or otherwise as may to them seem most fit, they endeavour to impress upon the citizens the national importance of safe-guarding life and property from loss by fire.

WILL PREMIER BROWNLEE CONTINUE AT THE HELM?

Much discussion has been going on throughout the Province in regard to who will succeed Premier Brownlee.

Up to the present there has been no statement from Mr. Brownlee that he has any desire to give up the Premiership of Alberta, and there certainly has been no movement among his followers, suggesting that he should make a change.

He has been very closely associated with the Wheat Pool since its inception, but he may be willing to continue to lead the U.F.A. forces, even though the financial returns do not in any manner compare with the possibilities as chief director of the Pool, and he may feel that it is his duty to continue to make the financial sacrifice in remaining with his party, as did such men as Sir Wilfred Laurier, Hon. Oliver Mowat, Sir Charles Tupper, Hon. Wm. Fielding and other good Canadians in the past.

No doubt among the U.F.A. members another leader would or could be secured, but certainly there would not be another in whom the rank and file would have greater confidence.

Slats' Diary

Friday—Ant Emmy says the girls of modren days have sum funny customs. She was referring to Mrs. Gillems neace which is visiting here now frum down east place. This evening her and Mrs. Gillem was down here for a wile and she was wearing a hikeing suit and sum swell hikeing shoes. Ant Emmy ast her how cum was she drest up like that that in the evning and she replyed and sed she was a going out otto rideing with Kelly, and she diddent no him very well. And the rest of them all laffed Xcep Ant Emmy and me. I gess mebby weer both dum.

Saterday—Pa tuk Ant Emmy & ma including me to a swell Calgary restaurant and the supper was a grate dissapointment to I and pa. Ma wooden let us eat are soup on acct. the Orkestry was playing sum of her favrit kind of music.

Sunday—I have figgered out that Mrs. Gillems neace must of ben a made in sum rich fokes house before she cum here to vissit. She was down here to are house for supper tonite, oney ma called it dinner, and she had the most wanderful manners I ever seen on enny buddy before.

Munday—I found a nickle on the street today and I went into the Strathmore Hardware store to buy sum think, but Mr. Rallinger sed it wassent no good. So now I gess all I can do is to save it and go to chirch next Sunday.

Tuesday—I am getting to like Mrs. Gillems Neace better evry day, her name is Kate and she can play marbels and throw a base ball under handed and her broad jumps is better Blisters, and she can whistle like everything. Mebby Aggie will get jellus even if Kate is 17 yrs. old.

Wensday—Went fishin today and diddent get nuthing, and am two tired to right anything.

Thirsday—Ma wanted pa to rite a letter to are cuzzens this evning and pa sed his corns hirt him two bad. She give him a dirty dig and sed, I all ways thot yure letters looked like you rote them with yure ft.

GOVERNMENT LIQUOR CONTROL ACT OF ALBERTA

APPLICATION FOR BEER LICENSE

Public notice is hereby given that the undersigned intends applying to the ALBERTA LIQUOR CONTROL BOARD for a License to sell Beer by the glass, or open bottle, for consumption in conformity with the provisions of the Government Liquor Control Act of Alberta, and regulations made thereunder, with respect to the following premises:
